

Meet the MOMENT

Hope can't wait. Join LFCS.

Dear Friend of LFCS,

Political and economic instability should never mean that a child goes without care or a parent goes without support. But for many families in our community, that's becoming a painful reality.

Families across Missouri are facing challenges that feel bigger than ever, while the support systems they depend on continue to shrink.

That is where LFCS comes in!

At LFCS, we are **meeting this moment** for families with compassion and hope. **But we cannot do it without you!**

We need your help to meet our goal of raising \$150,000 to support children and families by June 30.

Your gift at any level will help ensure we can continue serving families through these uncertain times, and gifts above and beyond these levels will have an even greater impact!

- **\$500:** Helps a family in crisis with temporary rent or utility assistance.
- **\$250:** Provides case management for a struggling parent to create a safe environment for their kids.
- **\$100:** Provides one counseling session for a child battling anxiety or depression.
- **\$25:** Eases the burden for a mom in need by providing essential diapers for her new baby.

Together, we can **meet the moment** by empowering children and families to overcome today's ever changing challenges so they can build a better, brighter tomorrow.

Please give today at lfcsmo.org/moment or use the QR code or envelope provided. You can also text the word "MOMENT" to 50155 to make a donation. Thank you for helping LFCS **meet the moment!**

With gratitude,

Mike Duggar
LFCS President & Chief Executive Officer
